**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I support broadband competition because it fosters growth, creativity, and a fair marketplace for consumers. Fiber internet is amazing and could be a way to connect more people across the world for less money - just because giant phone companies like AT&T have bought political influence doesnt mean they should be able to stomp out better products & competitors.
